

# Season 2017/2018

## Guide Notes For Member Clubs (v3)

---

## Admission Prices

The minimum charge for admission to all matches shall be as follows:

Premier Division        £6 including VAT

Clubs may, at their discretion, vary the operation of Rule 20 in respect of juveniles and senior citizens or other concessions they deem appropriate. Admission charges must be the same for home and visiting supporters, excluding home concessions as appropriate. With the permission of the Board, Clubs can have a maximum of three promotional days each playing season during which they can vary admission charges for adults including allowing free admission.

## Adverse Weather Procedures

**Recommended procedure for the guidance of Clubs and Referees in determining the suitability of grounds in adverse weather conditions**

Each Club must take every precaution to ensure that its ground is in a fit playing condition.

When the regional weather conditions are known to be extreme (e.g. prolonged severe frost, clear water logging or heavy snow) then the game can be postponed at the discretion of the League following consultation with the Fixtures Secretary's; this is not an issue for the match day Referee. If agreement is given to an early postponement under such circumstances there will be no requirement for a pitch inspection.

In all other circumstances and subject to the time and travelling distance, the match Referee should be called in to make a decision. In the event of the match Referee being unable to carry out the inspection, the Home Club must select an alternative Referee listed within list of SCEFL Match Officials as follows:-

Premier Division – One of the Level 4 referee's on the panel.

Division One – One of the level 5's on the panel

Should it not be possible to identify an appropriate Match Official, the SCEFL MOP will determine a suitable person to carry out the inspection.

Prior to reaching a decision the Referee who is making the inspection must:

Consult with the match Referee prior to the inspection

Consult with the match Referee during/after the inspection to mutually agree on a decision prior to notifying the Home Club Secretary or Club Chairman and the appropriate League Secretary (or Chairman if the Secretary is not available).

Prior to reaching a decision the Referee who is making the inspection should consider the following:

Whether or not the ground (playing area) is dangerous (e.g. ice / frost)

Whether or not that the spectator standing areas are dangerous (e.g. ice / frost)

Whether or not conditions are or could turn farcical.

The views of the Home Club Groundsman in terms of local knowledge and draining capabilities in the event of standing water.

The existing condition of the playing surface in conjunction with the prevailing weather conditions as previously confirmed with the local weather authority

Be seen to be active! Adhere to deadlines, keep all informed; especially the away Team Manager if he is on route and can be contactable (home club will have the Secretary's mobile number). If they are within a reasonable time/distance from the ground it is only courtesy that you await their arrival

Inspect thoroughly! A professional approach must be adopted when carrying out an inspection. It is not acceptable just to take a cursory look at the field of play in normal dress (i.e. Suit / Blazer etc.). Sports kit should be worn, along with appropriate footwear (i.e. football boots). All areas of the pitch should be inspected. A ball should be used to determine whether the surface is playable (for movement and bounce), if appropriate, playing staff may be able to assist you in this practical session.

Fog creates its' own problems. Use perspectives from ground level and the back of a stand – check forecast (remember that there is a responsibility to paying spectators)

When dealing with such elements as frost or ice – remember that the highest temperature of the day is usually around mid-day. Get a forecast if necessary of the projected temperature for the time when the match is due to conclude

The manpower available to the Home Club to carry out any necessary work to make the ground playable

The time the visiting Club are due to commence their journey

Liaise with Managers BUT the decision as to whether the match is played is yours

If after consultation with the match Referee, the ground is declared fit and the away Clubs instructed to travel, then only in exceptional circumstances should the match Referee reverse the decision.

If an early inspection has not been carried out and the match Referee arrives at the ground to find the playing conditions in doubt due to unexpected deterioration in the weather, he should first consider as many of the above points before committing himself to a decision.

In the event of a pitch inspection being carried out by a Referee other than the match Referee, a fee of half the Referee's fee may be offered, plus travel expenses, paid by the Home Club. If the appointed Match Officials have reported to the ground they are entitled to their expenses plus half their match fee if the match is not played.

If the game is postponed following the inspection, either by the match Referee or another Referee, the following procedure should be followed:-

The home club should advise both the Fixtures secretary's as well as the nominated competition results contact/s

The home club should advise the appointed assistant referees

The appointed match referee should advise any appointed match observer.

The appointed match referee should send a text confirming the match details and that its postponed as follows:-

For Premier Division to Ian Bentley the referee officer

For Division One to Steve Down and Don Macleod

An e-mail should then follow to referees@scefl.com confirming that above.

## Allowance for Lost Time Procedure

### Guidance note to all Member Clubs and Match Officials

#### Allowance for Time Lost – Electronic Boards

(To be adopted for all SCEFL League and Cup games)

With the introduction of electronic boards for all SCEFL clubs for season 2017/18, an allowance made for time lost will now be indicated at the end of each half.

The procedure to be adopted is outlined below:

During the two minutes before the expiry of each half the Referee must inform a nominated person in the Home Club Technical Area (someone identified before the kick off), either visually or verbally, of the amount of time allowed.

At the expiry of each forty-five-minute period and not before, the designated Home Club person will display the minimum time allowed, to all points of the ground, by use of the board provided. This also applies at the expiry of each fifteen-minute period of extra time if necessary for Cup games.

Clubs are to be reminded that the PA where used should announce “There will be a minimum of xx minutes allowance for time lost”.

Any subsequent injuries, or additional delays, including time wasting, will result in further time being added on. No further communication will be necessary.

Referees are to ensure that the full allowance is made for time lost and subsequently played.

## Board Room Team Sheets

It is optional for a list of players from each team selected for the match to be made available in the Board Room for visiting officials. These should also where possible be made available for members of the press.

## Captain Arm Bands

Clubs are reminded that the arm band must be worn by the on field by the Club Captain for all League and Cup matches.

## Disciplinary Procedures

Clubs are reminded it is their responsibility to offer match dates to their County FA and **NOT** the League to ensure their players miss the appropriate matches following dismissals from the field of play and caution accumulations,

## Floodlight Certification

Clubs competing in the National League System and FA Competitions are required to provide an updated certificate (Floodlighting Survey Chart & Floodlighting Inspection) report **every two years**.

These are necessary to ensure the lighting system continues to meet the required standards after installation.

Readings shall be on a grid of 88 markings (8 across, 11 down) evenly spaced with the outside readings falling on the pitch boundary line.

The average of all the readings is taken to be the average illumination level in lux of the floodlighting installation.

The inspection reports should be carried out by qualified lighting engineers.

The measurements should be made using a calibrated luminance meter.

It should have been calibrated within 12 months of the measurement and the meter's serial number and last calibration date contained within the inspection report.

Clubs are required to forward copies of updated Certificates to the League Secretary.

Failure to do as required could result in your Club being suspended from FA Competitions.

## Ground Passes

Eight ground passes will be distributed to all Clubs prior to the commencement of the season. Six to be used by Club Directors / Management Committee members to gain entry to the ground and Board Room of their match day opponents and are **not transferable**. The Chairman and Secretary will be issued with passes which will allow them to gain entry to any Southern Counties East Football League ground during the current season. Each committee member's pass will contain the clubs name and be individually numbered. Any proven miss-use of passes will result in **all** passes for that club being withdrawn. All passes remain the property of the League.

## Ground Standards

Rule 8.11 – Each Club must take every precaution to keep its ground in good playing condition and amenities (including floodlights) in good working order and complying with the minimum Grade F (Premier Division) and Grade G (First Division) throughout the Playing Season.

Floodlights must be certified as complying with minimum light levels two yearly and the club must be in possession of a current certificate at all times.

For any ground grading assistance, grants etc, please contact the League's Ground Grading Inspector, John Bathurst on (07904 673487)

## Insurance

### Players Insurance

All clubs shall be members of a Players' Personal Accident Insurance scheme. The policy cover shall be at least equal to the minimum recommended cover determined from time to time by the Board.

### Public Liability Insurance

All clubs must have Public Liability cover of at least ten million pounds (£10,000,000)

Each club shall submit to the Board a copy of both insurance documents together with the last premium payment receipt, 14 days prior to the commencement of the season.

## League Awards

The League has monthly Respect awards for both the Premier and First Division.

The awards and any prize monies allocated to these awards will be issued to clubs in due course.

## League Directives

### 1. DISMISSALS FROM THE TECHNICAL AREA - SEASON 2017-18

The League Management Committee continue to be concerned over the number of personnel that have been dismissed from the technical area and their behaviour once having been removed. We have enquired to The Football Association as to the powers open to the League in such matters and received the following response:

The minimum requirement under the Laws of the Game is that any persons dismissed from the Technical Area are removed from the Technical Area and stand away from the Technical Area. However, the Football Regulatory Authority in 2012 gave authority to Leagues to apply a policy for matches that fall under their jurisdiction to outline where a person removed should stand.

The National League for example insist that they go to the changing rooms or leave the ground.

So, in short, if a League wished to apply a policy that outlined where they are to go, this is enforceable and supported by The Football Association.

Failure to comply with any such Policy Directive issued by a League will result in the Club being charged for a breach of League Rule 4.2

#### **POLICY DIRECTIVE - DISMISSALS FROM THE TECHNICAL AREA (Continued)**

For matches played under the Rules and Regulations of The Southern Counties East Football League:

The League Management Committee will not accept any lack of respect shown towards the Match Officials.

Any person who is dismissed from the Technical Area/Dugout Area by the referee should leave the field of play and its vicinity immediately and go straight to the changing rooms or inside the clubhouse or leave the ground.

He/she must either remain in the changing rooms or clubhouse until the conclusion of the game or leave the ground. It is not permissible for this person to have any contact or dialogue with the Match Officials or any appointed Match Observer during or after the game.

Each club is responsible for ensuring any person associated with their club who is dismissed from the Technical Area/Dugout Area by the referee goes to straight to the changing rooms, clubhouse or leaves the ground. Clubs should report any breach whether by their own club or their opponents to the match referee.

**Any failure to comply with the above Policy Directive will result in the Club being charged in accordance with League Rule 4.2**

The Chairman of the Club concerned must also report in writing to the Disciplinary Officer, within 3 days of the offence, the following:

1. What action has been taken against this person by the Club.
2. What action the Club has taken to ensure that this does not happen again.

**All clubs must bring this to the attention of their team managers.  
This notice should must be displayed in the home, away and  
match officials dressing rooms on all SCEFL match days.**

**By order of the League Management Committee**

## **2. COOLING OFF PERIOD PROTOCOL - SEASON 2017-18**

The protocol is that Club managers, coaches, etc. may not approach the match officials at half time nor until at least 20 minutes after the game has finished (this includes not going onto the field of play at the end of the match nor waiting for the match officials in the tunnel area). Please note the post-match hand shake is an exception but any adverse comment(s) made will be considered as a breach of this protocol.

Any approach to a Match Observer will also considered as a breach of this protocol.

In principle, post-match 'cooling off' periods are:

- Applicable after the end of every game
- Applicable to all occupants of the Technical Area and all players.
- Designed to reduce confrontation by creating a period of reflection so that any discussion can take place in a calm atmosphere to ensure it is as fruitful as possible for all parties leading to greater understanding
- Likely to result in considerably fewer cases of misconduct

Benefits of having such a post-match 'cooling off' protocol

- Prevents obvious public dispute on the field of play that detracts from the image of the game
- Reduces the likelihood of confrontation / misconduct and all that the aftermath entails
- Reduces the adrenaline levels in everyone concerned
- Allows a calm, rational conversation to take place that should benefit both parties
- Allows all parties to have a period of reflection and a reduction in the stresses the game produces
- Allows the match officials time to complete the official paperwork
- Gives the opportunity for the Match Observer where requested to be present so that he can watch, listen and offer advice or an opinion, if appropriate to do so
- Reduces pressure on referees

There would then be a consistency across all Steps where "Professional Game" referees operate, thereby allowing a smooth transition as they or the clubs migrate upwards through the game.

If a request is made by a club official to a referee to speak to them after the 20 minutes period the referee should ensure they make themselves available.

Referees are expected to report any breach of this mandate.

**Failure to comply with any such Policy Directive issued by the League will result in the Club being charged for a breach of League Rule 4.2**

---

All clubs must bring this to the attention of their team managers.

This notice must be displayed in the home, away and match officials dressing rooms on all SCEFL match days.

<p>By order of the League Management Committee.</p>
---

## Match Day Confirmation

The home Club shall advise the visiting Club and the Match Officials of the date and time of kick-off of each match and the team colours, including the colour of the goalkeeper's jersey, it will be wearing, to be received at least five days prior to the match and the visiting Club and the Match Officials must acknowledge receipt to be received at least three days before the match. The visiting Club must include in its acknowledgement the team colours, including the colour of the goalkeeper's jersey, it will be wearing.

The home team must include and confirm the type of post-match refreshments provided for players (hot / cold) and the visiting Club must confirm if their players will be taking up the offer of the post-match refreshment and the visiting Club must also confirm the number of official that will be attending the match and visiting the Board Room.

- The programme must contain the League's sponsor's advertisements (when applicable) which, again, can be pre-printed but should not, except in an emergency, be photocopied. Space must be provided for the team line ups in a prominent position together with details of the match officials appointed for the match with the date of the match and the scheduled time of kick off.
- Details of the visitors should be provided with a short club history of the visitors and or pen pictures of the players.
- All programmes must include the following statements: ***"The Southern Counties East Football League strongly support recent FA statements that there should be a zero tolerance approach against racism and all forms of discrimination, accordingly any form***

*of discriminatory abuse whether it be based on race or ethnicity, sexual orientation, gender, faith, age, ability or any other form of abuse will be reported to The relevant County Association for action by that Association.”*

**AND**

- *“The Southern Counties East Football League supports the ‘Swearing – Let’s Tackle It’ campaign and strongly condemns the use of foul and abusive language at football matches”*

(If any club is unable or unwilling to include this in their match programme they should contact the League office, but otherwise failure to include this statement may amount to a breach of League Rule 4.6)

## **Match Day Requirements**

**As instructed by the Management Committee**, the following match day requirements apply to all Clubs for matches played under the jurisdiction of the Southern Counties East Football League:

Access to the changing facilities must be available for players and match officials at least 90 minutes prior to the scheduled kick-off time. Access must be available to the ground for spectators at least 60 minutes prior to the scheduled kick-off time.

The Visiting Club must give notice to the Home Club at least three days before the Match day as to the number of their Board Members/Officers who are expected to attend and accept the hospitality offered pre-match, at half time and post-match.

The Visiting Club must give notice to the Home Club at least three days before the Match day if their Team Officials and Players will not be requiring post-match food.

The Boardroom must be open for visiting Officials at least 45 minutes before the scheduled kick-off time, with tea, coffee and biscuits available to them.

Tea or fruit squash ideally to be provided before the match, and must be provided at half-time and post-match for the visiting teams and the match officials. In addition, suitable food must be provided for all players and match officials after the match. It is not acceptable for post-match food to be served in the dressing rooms.

Tea, coffee, biscuits/cake must be available to Club Officials in the Boardroom at half-time and bar facilities as well as tea and coffee together with food must be available in the Boardroom after the match.

A sufficient number of match day programmes must be provided free of charge to visiting Officials in the Boardroom.

The refreshment bar/facilities for supporters must be open at least 45 minutes before kick-off until at least the end of the half-time interval.

Visiting Clubs must respect reasonable requests from the home club regarding the use of the pitch for warming-up, and must respect all facilities provided by the host club.

The home Club will be responsible for paying the Match Officials their fees in cash on the day of the match in their dressing room, within a reasonable time after the conclusion of the match (including matches abandoned for any reason).

## **Match Officials**

Match Fees are the responsibility of the HOME club and must be paid in cash on the day to the Match Officials in their dressing room within a reasonable time after the conclusion of a match.

The match fees are as follows:

### **Premier Division**

Referee - £53.00

Assistant Referee - £35.00

All inclusive of travelling expenses

### **First Division**

**Referee - £40.00**

Assistant Referee - £33.00

All inclusive of travelling expenses

Please see rule 14.3 for procedures when a Match Official fails to attend or becomes injured.

League Rule 14.7 contains the following extract - *'In the case of a postponed match, whether or not gate money is taken, any Match Official who has travelled to the match will be entitled to claim travelling expenses and half their match fee from the home Club'* Having moved to fixed fees, the match officials will now be entitled to half their match fee.

A match cannot be abandoned if a match official becomes injured and the match cannot be postponed if a match official fails to attend the match.

It is down to individual Clubs if they wish to invite match officials into their Board Room, but which ever policy they adopt, it must apply to all games.

The League would like to think their Clubs are not selective on who they extend their invites to.

### **Referees Marks**

Referees are to be marked out of 100.

The mark awarded by a club must be based on the referee's overall performance. It is most important that the mark is awarded fairly and not based upon isolated incidents or previous games.

A mark between 71 and 80 represents the standard of refereeing expected. If a club awards a

referee a mark of 60 or less, a detailed report must be submitted on MOAS (Premier Division Clubs only) or in the case of First Division Clubs sent to the Referees Officer within 3 days of the match.

### **Marking of referee's Additional Guidance**

1. Give yourself time
2. Speak to the other club to see how they feel
3. If necessary and one has been appointed, speak to the Observer to clarify any points of law you are unsure about. This **must not** be before he has completed his PMD and he should not be asked to comment on any individual referees' performance.
4. Do not base your mark on one incident.
5. Consider your mark carefully.
6. Consider contacting one of the referees' officers to discuss if it will help
7. If you mark 60 or below you must submit a report either via MOAS for Premier or by e-mail for Division One. It would be appreciated that Division 1 also adopt the FA criteria **i.e. do not mark below 30.**
8. If you mark 85 or above it would be appreciated if a report could also be submitted via either method above.
9. For Premier when using Full-time **please enter zero** for the referee mark, your main system is MOAS.

### **Referees Match Report Form**

At the conclusion of every game, the Referee will be required to complete a Match Report, whereby the cautions and dismissals for both teams are to be documented. It also has a facility for the Referee to record any breaches of League rules or directives in the game.

The purpose of the Match Report is to ensure that the Clubs and the League have the information regarding disciplinary action taken against players. In addition, it facilitates the reporting of League Rule breaches to the League.

This Report must be submitted after every game, regardless of whether there is any misconduct to report.

The form can be found on the downloads section of the League website.

## **Match Report Forms**

Match report forms must be completed online via the League's website on the FA Full Time system. Each Club will be notified of their individual username and password for them to access the match report section. The information required to be sent will be the same as was required via the paper sheet system.

Full details of the procedure for using Full Time will be sent to each Club prior to the start of the season.

## Match Updates & Results

- 1) The home club will be responsible for sending all result information.
- 2) Result information must be sent by text to **07789 655768** for all competitive games including FA Cup, FA Vase and all County Cup Competitions as well as all League and SCEFL Cup games. NOTE; If you are away to a non SCEFL side in any competition you must send the result information as if you were the home side. Your opponents are most unlikely to be sending me any information.  
  
You will also be required to send separate result information to the FA or County as well as sending it to me when competing in outside competitions.
- 3) The first text you send should show the two teams playing and nothing more. This is to be sent just before kick-off.
- 4) Immediately after each goal is scored text the aggregate score, the FULL NAME of the scorer and the time of the goal (as measured in minutes from the kick off).
- 5) Immediately after the referee signals the end of the game confirm the final score and the attendance. If this is not done immediately it means the final scores cannot be sent to local press in time for them to beat the deadline for publication on Sunday so aim for before 5.00 on a Saturday.

Away Clubs should be accompanied by a Therapist as stated above, for the same purpose.

## Pitch inspections

When a Club feel the need to arrange a pitch inspection they need to ensure it is done in accordance with League Rules 8.15 and 14.2 and the "Recommended procedures for the

guidance of Clubs and Referees in determining the suitability of grounds in adverse weather conditions”

Note: Also see **Adverse Weather Procedures**

In the event of any clash in kit colour, then the away team **must** change, this includes any clash of goalkeepers’ shirts

No changes to the registered first choice colours or combination of colours shall be permitted without the consent of the Board.

Shirts must be numbered 1-20 (or 21 where 13 is excluded) such as that the numbers can be clearly identified by officials and spectators. . Black or navy shirts cannot be worn as per League Rule 7.4.

## Pre-Match Warm Up

A number of Clubs do not allow teams to warm up on the first team pitch but require players to do their pre-match warm up on land adjacent to the pitch.

If your Club does this please include it in your pre-match confirmation so that it is not a surprise to the visitors when they arrive. Please also make sure that the warm up area is within your own ground and covered by your insurance policy.

It is NOT acceptable to have players warm up in a public area such as a park unless you have additional insurance for this area.

If you do not wish to have teams warm up in the goal areas, please make sure that this applies to both teams and provide an alternative goal in the warm up area.

## Promotion / Relegation

Clubs competing in the SCEFL must comply fully with the requirements of Ground Grade F (Premier Division) and Ground Grade G (First Division)

To be considered for promotion to Step 4, clubs must meet the requirements set out by the FA by 31st March in the year in which they seek promotion, and attain Grade D by 31st March in the year following promotion.

Any Club seeking promotion from the SCEFL Premier Division must make application to the Football Association on the prescribed form and provide the required supporting documentation, copied to the League, by 30 November in the relevant year.

The application must be accompanied by the agreed grading fee, as determined by the FA Leagues Committee, which is non-refundable.

At the end of each playing season The 2 teams placed lowest in the Premier division will be relegated to the First Division save that if the second bottom club being relegated would result in an overall reduction in the number of clubs making up the Premier Division after promotion/relegation between the Premier Division and the relevant step 4 league have been taken into account and the loss of any other club(s) from membership of the Division for any other reason, that club may be reprieved.

At the end of each playing season the 2 teams finishing highest in the First Division will be promoted to the Premier Division subject to such teams' grounds complying with the relevant ground criteria document. If either club's ground fails to comply then the third placed team may be promoted in their place so long as their ground complies. No team finishing below third place will be considered for promotion.

Where a ground used by a team in the Premier Division or the First Division fails to comply with the relevant ground criteria document at midnight on the 31st March, that team will, at the end of the season, be placed for purpose of relegation only in last place.

Where more than one team's ground fails to comply on the said date, then all such teams will be placed at the bottom of the league table for purpose of relegation only in the order they finished the season.

League Rule 12.3 - Promotion, relegation and lateral movement of Clubs shall be in accordance with the principles established by the Leagues Committee of The FA
